RE: Notice of rate increase

Dear Ms. Flanery:

Please be advised that per your Pole Attachment Agreement, Kentucky Power Company is revising the annual attachment rate from \$10.65 to \$10.44 per attachment. The revised fee set forth herein shall become effective July 01, 2018. This revised rate is calculated based on pole space, pole costs and number of attachers per pole. Please feel free to contact me if you have any questions or require additional information.

Sincerely,

Lynn Stefanko
