

Kentuckywired IS NOT...

- An Internet service provider to individuals.
- Building fiber to individual homes or private businesses.

KentuckyWired (KYW), is an open access fiber optic network. The KYW project will provide **Middle Mile** infrastructure and support. Oversight of this project rests with the **Kentucky Communications Network Authority (KCNA)**.

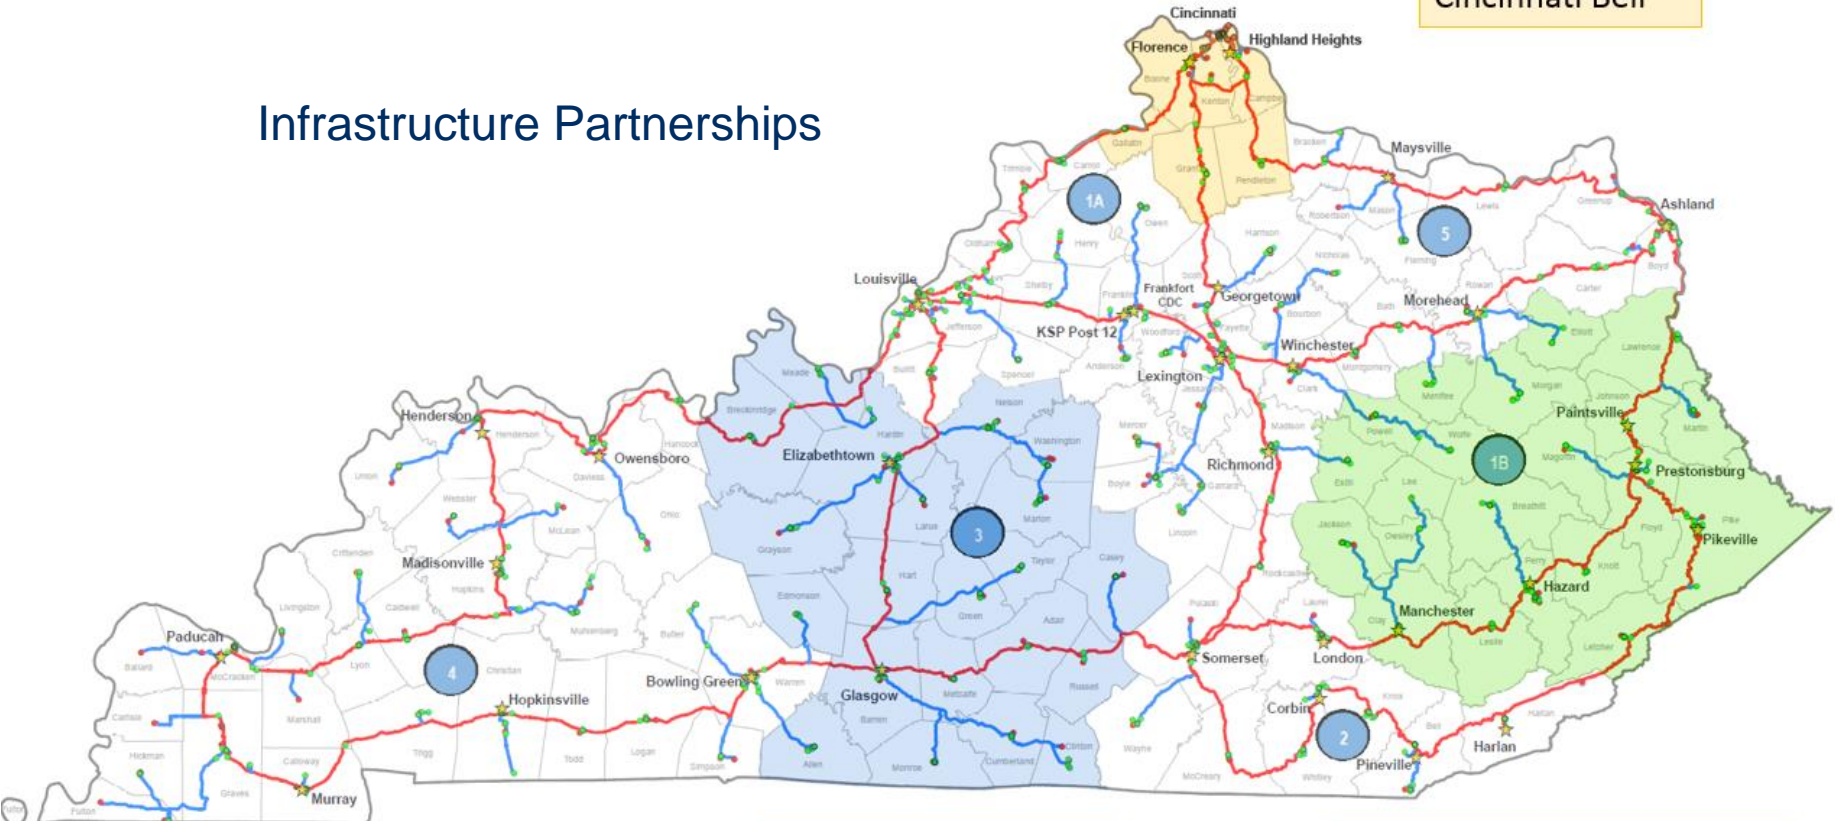

Kentuckywired IS ...

- A state-owned physical fiber optic network; conduit for transmitting data.
- Open access; providers can connect equipment to KYW then build fiber to homes and businesses in a community.
- Wholesale provider of network capacity to providers; frees providers to invest in extending local fiber networks & growing their customer base.
- Combining public and private funding resources.
